

WE SUSTAIN 2019

BELU

Belu is a UK based bottled water company delivering carbon-neutral and ethically sourced waters. The mission is showing that a business can deliver an environmentally improved and sustainable offer in the market.

Belu is an award-winning social enterprise partnering with the Sustainable Restaurant Association and WaterAid to which goes 100% of Belu's net profit.

Crafty Fox Market is a community market that differentiates itself from the traditional craft fair. It supports emerging designer makers and artists by providing them with opportunities to showcase and sell their work across London. Unique market locations include nightclubs, artists' studios, community spaces, and major city landmarks.

GLA is the City Hall, the devolved regional governance body of London, with jurisdiction over both counties of Greater London and the City of London.

Green Rooms Market is a concept created by sisters Annie and Jemma in 2018. Regular markets and pop-up events in London feature the best independent sellers of plants, pots and everything in between to allow visitors to immerse themselves in a real urban plant shopping experience.

Opened in 2004 by Queen Elizabeth II as a part of Imperial College London, Imperial College Business School is a global leader in science and technology, whose mission is to inspire the most brilliant minds worldwide to become future business leaders, aiming at developing practical solutions to real world issues.

King's College London has an outstanding reputation for its cutting-edge research together with its world-class teaching in science, the social sciences, humanities, law and international affairs. In the 2014 Research Excellence Framework (REF), King's was placed at 6th nationally in the 'power' ranking, in consideration of both its quality and quantity of research activity.

Lendlease is an international property and infrastructure group with core expertise in shaping cities and creating strong and connected communities. This company is committed to creating and delivering innovative and sustainable properties and high-standard infrastructure solutions for future generations.

London Is Open is a major campaign launched by the Mayor of London to tell the world that London is open this summer for both business and to the world. The initiative aims to show that the city is proud of its diversity and inclusivity. The motto everyone is welcome to share is "Showing the world that #LondonIsOpen and welcoming is a job for every single one of us".

LSBU is a cosmopolitan university with over 18,000 students drawn from over 130 countries. In 2017, it has been awarded a Silver ranking under the Government's Teaching Excellence Framework (TEF). Professionalism, integrity, inclusivity, creativity and excellence are but some of the values upon which LSBU is based and which it seeks to promote.

Natoora's mission is to replace a broken, opaque food system with a transparent and sustainable supply chain by sourcing radically seasonal produce that highlights the true cost of farming, protects the land from soil depletion and favours sustainable, nutritionally dense crops with revolutionary flavour.

Oddbox was started in Portugal as a misshapen and surplus produce delivery service. With 20-40% of produce going to waste in the UK only, this company is determined to battle food waste and give ugly, wonky veg a better, more beautiful future while providing more income opportunities to farmers.

With over 150 years of experience and expertise, Peabody housing association owns and manages more than 66,000 homes across London and the South East. Peabody's mission is contributing in making people's lives better by building and maintaining the best quality developments, delivering reliable modern services, working with local communities and fostering long-term partnerships.

Paper Round is a commercial recycling expert dedicated to transforming the future of resource management. Their ethical approach is based on reliability, flexibility and attention to everyday needs for a less polluted planet. Paper Round finds new uses for old resources, promoting the circular economy and creating a better future for everyone.

SHIPLEYS FOOD SERVICE

Shipleys Food Service is made up by wholesalers of fruit and vegetables as well as suppliers of prepared fruit and veg, including A to Z food products among which dairy, charcuterie, oils and vinegars, juices, salads & anything else that a kitchen requires.

SCNY is North America's leading global conference for innovators and decision-makers, including city leaders, CEOs, and startups, who are improving life in the cities of tomorrow. SCNY takes a holistic look at the innovations in technology and infrastructure that are making cities more liveable, equitable and sustainable.

UAL is a collegiate university offering an extensive range of courses in art, design, fashion, communication and performing arts, ranging from fine art and 3D animation to graphic design and drama. UAL has recently started incorporating sustainability as a key part of its learning and operations, with many courses dedicating time and resources to teaching sustainable practices and ideas.
